The writer was glad to be advised by your letter of the 26th that the Lindsey Coal Mining Company sent you an order for metal script. This script was recommended to them by us for use in their store which they are going to operate at Coriath, W. Va., which, as you probably know, is on the Maryland state line. This company is owned by R. P. Maloney of Oakland and a number of other small stockholders. You will find them to be strictly high class people and will appreciate doing business with them.

Yours truly,

For this, one-half the unrepeatable message rate is charged in addition. Unless otherwise indicated on its face, this is an unrepeatable message and paid for as such, in consideration whereof it is agreed between the sender of the message and this company as follows:

Gentlemen:-

Please refer to your invoice dated May 29th 1926
Amount \$93.00.

Please be advised that we are experiencing some little difficulty ~~in~~ with this scrip inasmuch as a lot of the companies around here have identically the same scrip except possibly different names on it. I find that when the clerks are busy they don't have time to look at each and every piece of scrip taken.

In this matter I would like to have an expression from you as to whether it would be possible for you to take the scrip in and put some kind of a hole in it so it would distinguish it from our neighbors scrip.

Most of this scrip that I have has never been unwrapped and I could return it to you at the same time keeping enough on hand to run the store.

We would be willing to bear the expenses connected with this matter.

Gentlemen:-

We are just in receipt of your favor of the 16th and hasten to reply that if you will return such scrip as you say you have wrapped and can spare, we will be glad to pierce this with a letter "C" which undoubtedly will enable you to quickly identify it and solve your problem. The balance of your scrip can then be sent in a second installment later.

Our charge for the piercing will be 75¢ per 100 pieces which just about lets us out on cost. We will also expense you with the amount of postage on the return of the scrip to you. Kindly inform us when you make return of the scrip and of the various quantities you are returning. Be sure to address the shipment to us as above.

Trusting that the foregoing meets with your approval and regretting the difficulty you have experienced, we are

Mr. C. E. Loudermilk, Store Manager,
United Pocahontas Coal Company,
Crumpler, W. Va.

Dear Mr. Loudermilk:-

Just glancing over our records somewhat. In January you will recall, we made up for you

300 Quarters

500 Dimes

500 Nickels.

Now there's two questions bothering me that you will allow.

In June of 1925 your Gen. Man., Mr. Faust, was considering putting all your scrip over on the new-wording basis and he asked for price on the following quantities, which we believe represent the amount of your original purchase, namely

3000 Dollars

1200 Halves

1200 Quarters

1500 Dimes

1800 Nickels

Now then, the first point is, it would appear from the small number of Quarters, Dimes and Nickels that we furnished you, to conform with the new law, that you are using some of one kind and some of another in these three sizes and --the second point, that you are not using any ~~SEVEN~~ Dollars or Halves made up to conform with the new law.

By not put over all of your scrip on the new basis, we believe it will pay you to do so. You may never have a case on this point come up but at the same time you of course can't tell. The Elkhorn Piney Coal Mining Coal Co., who are users of our scrip, made up to conform to the law, recently had a case settled in their favor in one of the higher courts, on the question of cash redemption.

We would appreciate a line or two from you regarding this matter. Stamped return envelope is enclosed.

Yours very truly,
Ingle-Schierloh Company.

Gentlemen:

Your shipment of Script, mailed against our order No. 177, arrived at the Postoffice today with the package bursted open and wasting out, and we noticed the Script is not made in according with our order; in which it reads on one side:

"Payable in ~~xxxx~~ cash on Paydays," etc.,

wh

While our order called for Script to be made Per our Sample mailed you on the 9/13, except the patent side which *shall* read:

"In merchandise only"

"Not transferable."

And therefore we cannot use the script you have made and shipped.

Our situation here is such, that other stores and places of business take our script and exchange it for merchandise, while if it bore the inscription "Payable in cash on Paydays", we would not need a Store so-much.

Therefore, it is absolutely necessary that we refuse this shipment.

Yours very truly,

Mr. W. E. Kennedy
BRADSHAW COAL COMPANY, INC.,
Bradshaw, W. Va.

Dear Mr. Kennedy:

Sorry indeed to hear of the condition in which the Scrip reached you. No excuse for it and we are having the package come back for thorough inspection.

Under both the West Va. Scrip Statute and the National Coal Code, the wording appearing on the Scrip is necessary. It does not change your status one bit, either as to non-redemption from other sources, or the redemption from employees.

A test case, with your Scrip, worded as that suggested by you, without the other clause regarding redemption from the employee to whom issued, would result in your being compelled to redeem the Scrip in cash, from any one presenting it and at any time.

Any employer is, under the law, first obliged to pay labor in cash or per check, twice monthly. Anything by way of Scrip that is submitted or issued to the employee, must therefore carry the clause that on pay day, when due, he the employee (and he only) personally can redeem the Scrip for cash - IF HE STILL HAS IT, and of course in 999 cases out of a thousand, they haven't. Under this special wording also, you are only obliged to issue the scrip for merchandise, redeemable or rather exchangeable by the employee to whom you issued it, not from any other. Your scrip is absolutely non-transferable. There isn't a single company in your state, but what has the same problems to contend with, as regards other stores, etc. etc. and in all cases their scrip has this special wording. In fact it would be a risk to issue it any other way and we do not advise it.

We shall write you further immediately we have had an opportunity to inspect the package and we trust to hear further from you at once.

Cordially yours,
Ingle-Schierloh Company

Mr. J. M. Herndon,
Superior Pocahontas Coal Co.,
Bavy, West Va.

Dear Mr. Herndon:- We thank you for your order of the 27th., calling for 5000 pieces of assorted Patented Metal Srip, which shall have our very best attention.

As regards cut-out. The letter "S" is in use.

Permit us to suggest what we believe will be far more effective than a cut-out namely, to engrave across the face of the srip in as large type as possible the letters S P C. This feature is now more in demand than the cut-out, as the users claim they can more readily identify their own srip.

So many of the cut-outs that were used necessarily had to be similar in shape, that they had to be watched very closely to prevent taking in other srip. Under this new plan the lettering is always prominent and makes a much better private identification mark than under the old plan.

We shall use the new feature on your srip and are sure you will be pleased with it.

Very sincerely yours,

INGLEE-SCHIFFER COMPANY.

Gentlemen:

We have your letter of the 27th stating that you had a fire and that there is a possibility of some of your Scrip having been destroyed as a result and requesting that we advise what shipments were made you. We have furnished you, at various times, a total of each denomination as noted below, viz;

700	"	Halves
1100	"	Quarters
2100	"	Dimes
2400	"	Nickels

May we suggest, in view of what you report, that should you deem it essential, in view of the possibility of loss through destruction as well as the possibility of loss through theft, to change the design of your scrip and have a new lot made up, that we will be glad to make you a very liberal allowance against our regular prices.

If we may be of further service, kindly let us hear from you.

Dear Sir:-

We thank you for your order R-561 calling for 600 pieces 10¢ and 2000 pieces 5¢ MACHINE MADE METAL SCRIP which has been entered for immediate attention.

With reference to the 1¢ pieces, on which quotation was asked but which were not included in your order, wish to advise, that we are now prepared to show our former quotation on this denomination and will furnish the 2500 pieces to you for \$40.00.

The cost of manufacture is approximately that of the other pieces and this quotation is only occasioned by reason of the low denominational value, irrespective of profit.

We believe, from the standpoint of system, it is to your advantage to use the Scrip pieces throughout - the larger pieces easily more than offset the slight difference in face value and cost of the penny scrip.

Should be pleased to hear from you respecting the above.

Cordially yours,

General Manager.

Dear Sir:

Notwithstanding the fact that we have received a great many orders for Penny Scrip, resulting from the operation of the Emergency Fuel Tax Act, it has not been our privilege to hear from you and we are wondering if you are not in need of a supply.

At the prices we are now quoting, it is cheaper to use Penny Scrip than to revert to any substitute or subterfuge. Note these very attractive prices which by reason of the emergency demand created for this denomination, we are in position to quote you. Let it be noted however, that these prices are not guaranteed and are offered only subject to immediate acceptance, so if you can use a supply of Penny Scrip at these figures, let us hear from you at once. Price circular attached.

Gentlemen:

We have your letter of the 25th. When we placed our order with you for scrip, on July 8th, we had counted on putting it into circulation on August 1st. If you could make shipment immediately upon receipt of this letter, we believe we could still carry out this plan.

If this is impossible, will you kindly advise about when we may expect it?

Yours very truly,

Gentlemen:-

Replying to yours of the 27, we feel reasonably safe in assuring you that the Patented Metal Scrip on your order will be in the hands of The Douglas Co. in time to put into circulation at the beginning of the second period, namely August 16th. It is with regret that we make such report, as we should have liked to have made shipment in time for August 1, installation. The demands upon us however, exceeded our expectations.

He states, however, that your price is not

Mr. L. J. Littman, Manager,
The Douglas Company,
Albert, West Va.

Dear Mr. Littman:-

We thank you for your letter of the 23rd. It isn't a question as to who can make Metal Scrip the cheapest. Our prices have only permitted of a just and fair profit. The idea of the present price slashing is to obtain a monopoly of the metal scrip market. If that is effected, then where do you suppose prices will soar to?

It has been our chief aim to furnish Metal Scrip to our friends at the lowest possible prices, consistent with a reasonable profit and to at all times render a service that would be second to none. And, we are proud of the very close relations that we have succeeded in establishing.

We want your continued goodwill and in the face of this step taken by our competitors, we will make up the 1500 pennies for you for a total of \$21.00-- or, at the rate of \$14.00 per 1000. Not because such a price is justified, by any process of reasoning, but because we do expect to remain in the game and to continue to serve our customers faithfully and well.

If you should be in the market for any of the other denominations, kindly let us know. We presume the prices now being quoted by competition will sooner or later be referred to us by some one of our friends at which time we shall be in a position to measure the matter in its proper light and to meet the issue in an open and straight forward way - which is the only way we will meet it.

Very sincerely yours,

President.

Dear Sir:-

Your letter January 31st, instructing that we proceed with execution of your order for 2600 Erie shares, was as last, at \$14.00 per thousand shares, is acknowledged with thanks. Prompt attention is being given this item.

The Insurance Credit Agency Co., referred to by you, is out of business. The writer as Secretary-Treasurer of that company, personally handled your 1923 order. No further Erie shipment was made you until the invoice from the present company, dated August 1925, at which time you changed your agent in order that the wording thereon might comply with the law.

Dear Sir,--

Your letter of the 2nd was duly received,
and we thank you for the information in reference to former
purchases of scrip made by us.

The scrip pennies were received to-day and are 50 short
of 1500. As the package was received in bad order, we
presume one roll was lost in transit, but we do not see any
necessity of replacing these pennies. The 1450 will no
doubt take care of our needs for the present.

In replying to your favor of the seventh, we very sincerely regret the fact that the package of Perry Grip was received in bad order. The shortage of 50 pieces however, was not due to the condition referred to, but rather to an error on the part of our packers, since we find the extra roll of 50 pieces on hand and are mailing the same to you under separate cover.

We have your letter of the 19th and note the increase in price on the scrip which we ordered from you under date of the 16th.

Mr. Douglas Gorman, President,
Cumberland Coal Company,

Dear Mr. Gorman:-

Just in receipt of yours of the twentieth, regarding
the question of prices on Selected Metal Scrip.

The fact is, Mr. Gorman, we should get as much, from
a manufacturing standpoint, for the 1¢ scrip, as we do
for the 5¢ and 10¢ sizes, but in view of the low face
value of the 1¢ piece, these are in reality sold at a
loss. We believe that you will find upon investigation,
that the prices we quote you, are actually as low as
you would be obliged to pay for ordinary trade checks.
To say add that our regular price for scrip, not pierced,
is \$3.75 per 100 pieces for all denominations, excepting
bennies, which on request sell at \$2.00 per 100 pieces.

We shall be pleased to serve you Mr. Gorman, and await
your further commands.

Ingle-Schierloh Company,
Dayton, O.

Gentlemen:

Enclosed find our order #1420 calling for 3 M- pieces of scrip as per your quotation of the 21st. Also our check #1080 for 45.00 as a substational down payment. You to ship via parcel post, C. O. D. to us at Dry Branch, W. Va.

Before sending you our inquiry we had been carrying a competitors old catalogue showing samples and prices of metal coin and the writer in leaving a tentative price with our account trying to take into consideration at the time, of leaving the price, a reasonable affect which the NRA might have on such prices. We find that we did not reckon with scrip price advances sufficient to allow but a very, very small margin of profit to us in this case, as this merchandise is being delivered at a figure slightly over the price which you quoted us.

If you find after running the job that it is possible to let the balance of shipment come forward COD at 5.00 less than your quoted price, we would appreciate same very much, and on the other hand might be in position to help you secure business upon which you have quoted the Crystal Block Coal Co., Sprigg, W. Va.

If you do not have representation through this section of the State, would be pleased to hear from you regarding handling your line.

Riggs Office Supply Agency,

Att'n. G. W. Riggs:

Gentlemen:-

We thank you for your favor of the 16th, with check in the sum of \$45.00 and order for DOROTHY GLENN COAL MINING COMPANY, DRY BRANCH, W. VA., covering 3,000 pcs. assorted Master Metal Scrip.

It is noted that you wish us to ship the order to you via Parcel Post at DRY BRANCH, balance C.O.D.

We note your remarks with reference to pricing this Scrip and the suggestion that you might be able to do us some good with reference to our quotation to Crystal Supply Co., and while no allowance can be made you against the quotation given the concern mentioned, we shall appreciate what help in that case you may be able to render, and are accordingly reducing the full purchase price to you on this current order, to \$92.50, leaving a balance of \$47.50 plus charges, allowing you the additional \$5.00 requested.

We should be pleased to lend you every cooperation in the matter of securing any new business for us, in that section wherein you operate, (excluding repeat business from present users of our scrip) but would suggest that prior to quoting, you obtain figures from us, so as to avoid any possible conflict or misunderstanding in this connection. Much of our business in that section is had in cooperation with the N.C.R. men, who of course have their Merchandise Order Issuing Registers to sell. We, in the past, have mutually boosted each others items, we, their Register, and they, our Scrip, since both go hand in hand, without expecting any compensation, one from the other. We merely mention this for your guidance, so that if you should get a tip, they too will work with you.

All Scrip issued by the employing company, in your state, carries in addition to our patented design, the wording; "Payable in cash to employee to whom issued on pay days when due. In Merchandise Only. Non Transferable." Stores operating under a store company name, need not have that specially worded provision on their scrip.

We are mailing you several pieces of literature, under separate cover.

Cordially,
Ingle-Schierloh Company

Mr. L. C. Bryant,
Lry Branch Coal Company,
Dry Branch, West Va.

Dear Mr. Bryant:-

Since writing you under date of January 5th, we have been given reason to believe, that an attempt is being made to gain a monopoly in the Metal Perip field, by slashing prices--freezing out competition, and then what? There can only be one answer, to very materially increase prices.

We have only asked a just figure in the past, commensurate with highest quality and best possible service and we are pleased to say that we have host of friends in the field. Seventeen years have been devoted to this business and we do not intend to sponsor any plan that will lead to a monopoly and much higher prices, by quitting; This would not, we feel, be giving our customers a square deal.

In the light of the facts however, that have come to our notice, we will place before you a revised quotation, if you have not already bought and if you will specify your requirements,

We are in a position to serve you and serve you well.

Very truly yours,

President.

Mr. G. M. A. Gals,
Dry Branch Coal Company,
Charleston, West Va.

My Dear Mr. Gals:

I wish you would give me the pay-down on my account.

There are two invoices of April 4, and April 7, respectively that total \$85.85 covering payment of material in pursuance of your order-letter of March 10th.

Any reason that you have of, why this payment should not be delayed immediately; both items are 4 months past due.

Although statements and sundry requests have gone forward to your firm, they have never been stamped as the courtesy of a single reply in explanation of the delay.

Be so good as to drop me a line regarding this at once, please. We have never heretofore experienced anything like this with your firm and in consequence we don't want to start making drafts. On the other hand we figured our costs on the jobs as close as possible and in truth we too, need the money.

Await your kind reply.

Cordially yours,

J. H. Schierloh,
General Manager.

Gentlemen:

After repeated efforts on our part to obtain a remittance from you to cover your long past due account, amounting to \$32.50 and having failed to obtain even so much as a courteous explanation from you concerning the matter, we drew on you through the Farmers Valley Bank, on the 11th., for the sum mentioned.

Our draft is returned, its due position thereon - "Instructed to Return".

Your file will bear up our name as one that we have made every possible endeavor to effect an amicable settlement without so much as an expression from you to indicate that we had been or is your wish.

We must receive your remittance forthwith or we will be compelled to take a step that we have honestly hoped might be avoided. And, in the light of all the facts, you surely can take no offense.

Is the Scrip you have in mind something of the type of what was furnished in the past - in other words, only we have the dies in stock? That part of the book relating to West Va. Scrip Law, would not enter into it, since this appears on what we term our W.Va. Stock List. The question is, have we face dies for the scrip you want. That's answered of course if the face of the Scrip you want is a duplication of what you have received from us in the past. We hope we make ourselves clear. Or, do you wish price on entirely new Scrip?

In either event, please advise us, either the quantity wanted of each denomination- or, the amount of monthly scrip business to be handled. Also, if the scrip will have any design or letter piercing.

Sorry we were not in position to give you complete information without the necessity for this further request, but we want to serve you to the best of our ability.

Cordially,

J. H. Schierloh/3
